Institute of Leadership Management Introduced to Kuwait Ministry- Wessex Solutions International Ltd, Sinai Training Solutions, Arabic Scientific Consultancy Centre and Delham Training Solutions

Director of Wessex Solutions International Ltd Simon Biggs, of Weymouth, Dorset, has negotiated the introduction of an internationally renowned leadership development diploma programme for senior officers of the Prison Department, Kuwait Ministry of Interior, The Institute of Leadership and Management's International Management Qualification was delivered by Brian Grimshaw, the MD of Sinai Training Solutions Ltd, Northern Ireland. At the recent presentation of Diplomas to the successful candidates on the Senior Prison Officer Diploma programme.

Simon and Brian stated that they were delighted to be working in close association with Dr Bader Al Khalifah of the Arabic Scientific Consultancy Centre and Delham Training Solutions, Kuwait. All four organisations have agreed that their primary goal is to make high impact professionally recognised leadership, management organisational development programmes available to the public, private and charitable sectors in Kuwait and the surrounding areas.

Officers who had earlier completed a 6 month Senior Management Training course, Project Managed by Simon, have now been enrolled on the ILM Management program, and received their ILM IMQ Introductory Diploma to recognise the work that they had already completed, both during and on completion of the course.

Arabic Scientific Consultancy Centre, Delham Training Solutions, and Sinai Training Solutions, are now preparing to take these students toward their Diploma in Management and beyond, which will be developed and project managed in co-ordination with WSI Ltd.

An 18 month to 2 year training program has also been submitted for the professional training of staff at all levels within the prison department based on the UK system, and accredited by the ILM where appropriate, a further program has been developed for Rehabilitation. All of which it is hoped will be expanded across the region in the coming year.

Right - Simon Biggs (WSI Ltd), Dr Bader Al Khalifah (ASCC and Delham) and Brian Grimshaw (STS).

Left - Full story in the Al Watan Newspaper in Kuwait, (if translating please note editorial error mentions Terrcon NWS who are no longer part of the program)
