Training Design, Development, and Delivery

Who We Are: impact Solutions Corporation is a US-based training and consulting firm with locations in Utah and Cairo, Egypt. We harness interactive technology and innovative design to bring a truly unique experience to learning. As adult learners discuss concepts or explore new ideas, they are encouraged to practice new skills through simulations, customized scenarios, case studies, and interactive visuals right in the classroom or at a computer! Through active participation, your training material is translated from theory to practical application before class participants even leave the learning environment. impact Solutions specializes in partnering with you to customize and deliver instructor-led or e-learning solutions that are unique to client needs and culture.

What We Do: We manage all phases of the training design, development, and delivery lifecycle. Many of our clients engage us during the planning and analysis phases of a project and then allow us to continue into the design, development, and delivery stages where we breathe life into learning topics by taking learners beyond the words into actual hands-on interactions and simulations. For adult learners, this is where the real learning takes place. impact Solutions consultants are adult learning experts with over 20 years of experience in direct training application for corporate, state, and military clients.

Clients and Solutions: Since 2004, we've been partnering with leaders in the field of professional learning services and have provided significant contributions to the objectives of their clients: Eli Lilly Pharmaceuticals, Morgan Stanley, Albertsons Stores, Hill AFB, Camp Pendleton, State of California, Aetna, Microsoft, United Airlines, American Express, Boeing, Avanade, HouseValues, Fidelity Investments, Zain (Middle East), Conoco Phillips and others.

impact Solutions has also designed and developed innovative, customized solutions as a primary vendor partner for a growing base of select clientele: X10 Wireless, Dollar Financial Group, Success Sciences, Discover Card, Kiddie Kandids Portrait Studios, Digital Draw Network, Independent Witness, Michigan Works Association and others.

Our business is to support your business!
